Prices of Sugarcane

2501. SHRI KRISHAN LAL SHARMA: Will the Minister of FOOD be pleased to state:

(a) whether it is a fact that there are 22 different prices of sugarcane available to sugarcane growers of the country at present;

(b) whether it is also a fact that Bureau of Industrial Costs and Prices had recommended in 1983 to reduce this number gradually to a single all India price;

(c) whether Government had accepted this recommendation of the Bureau, if so, the present position in the case; and

(d) if not, reasons thereof?

THE MINISTER OF STATE OF THE MINISTRY OF FOOD (SHRI KALP NATH RAI) :(a) The Statutory Minimum Prices of Sugarcane (SMP) which is uniform throughout the country linked to a basic recovery of 8.5% is fixed by the Central Government every year under the provisions of the Sugarcane (Control) Order, 1966. However, various systems are being adopted by State Governments in announcing State Advised Prices (SAP) of sugarcane and thus multiplicity of prices in respect of SAP of sugarcane does exist.

(b) Bureau of Industrial Costs and Prices had recommended in 1983 that the Statutory cane price should be uniform throughout India linked to sugar recovery.

(c) A uniform Statutory Minimum Price is being fixed by the Central Government which is linked to a basic recovery of 8.5 percent and proportionate premium is allowed for every 0.1 percent increase in recovery above that level.

(d) Does not arise.
